

Dear Patient,

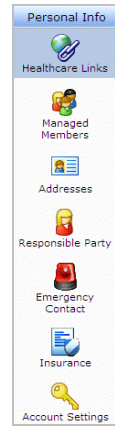

In preparation for your appointment at Shanti Medspa, we would like to offer you the option of completing your demographic, contact, and clinical information using online registration through MxRegister. MxRegister is a free service to you as a patient and allows you to enter information before your appointment, and also to update your information as it changes.

If this is something that you would like to do, please complete the following steps:

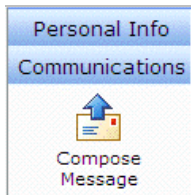

1. Open an internet explorer window and enter:
<https://www.mxregister.com/MxRegister/Index.aspx?AddProviderID=100>
2. While in the For Patients tab, click the register now hyperlink.
3. Fill in all of the member registration fields and then click the Submit button.
4. You'll then be logged into MxRegister. Your first step is to give us access to the information that you will enter. To do this, click the Add button.

5. Next, while in the Personal Info section, fill in the following information by clicking on the individual icons, entering your information, and then clicking the Save button:
 - o Addresses
 - o Responsible Party
 - o Emergency Contact
 - o Insurance

6. If you would like to send us a message, click on the Communications section, then on the Compose Message icon.

7. Next fill out the Medical Info section by clicking on the following icons:

- Allergies
- Medications
- Surgeries
- Hospitals / Care Facilities
- Immunizations
- Chronic Conditions
- Family History

8. The final section is Medical Logs. You can use this section to track your day to day health information.

9. The last step is to verify your account with MxRegister. To do this, MxRegister will send an email to the email address that you used to set up the account. You will need to click on a link provided in the email within three days of creating your account. Once you do this, your MxRegister account will be verified.

Thank you for taking the time to enter your personal and clinical information online. We look forward to seeing you at your scheduled appointment.

Should you have any questions before then, please contact the office at (610) 642-2644.

Thank you,

Seema Patel, MD & Staff
